

Visual Art High School Standard and Benchmarks:

Standard: Students will understand, produce, and value visual art.

Benchmarks:

- Evaluate, understand, and use the elements of art.
- Understand how organizational principles and functions can be used to solve specific visual art problems.
- Understand how different compositional, expressive features and organizational principles cause different responses.
- Apply media, techniques, and processes with skill to communicate ideas.
- Conceive and create works of visual art that demonstrate an understanding of how the communication of ideas relates to the media, techniques, and processes used.
- Apply various subjects, symbols, and ideas to one's artworks.
- Knows the function and meanings of specific art objects within varied cultures, times, and places.
