#### Chapter 12 Improvement Goals Reading

#### 281--IAC 12.8(3)(b)

##### PUBLIC

The board, with input from its School Improvement Advisory Committee (SIAC), shall adopt annual improvement goals based on data from at least one districtwide assessment. The goals shall describe desired annual increase in the curriculum areas of, but not limited to, mathematics, reading, and science achievement for all students, for particular subgroups of students, or both. Annual improvement goals may be set for the early intervention programs as described in subrule 12.5(18), other state indicators, locally determined indicators, locally established student learning goals, other curriculum areas, future student employability, or factors influencing student achievement.

- Annual improvement goals must be measurable.
- Annual improvement goals must address improvement of student learning, not maintaining of current levels of achievement.

### Chapter 12 Post-Secondary Dropout Data

#### Dropout Data 281--IAC 12.8(3)(a)(4)

Dropout means a school-age student who is served by a public school district, or accredited nonpublic school, and enrolled in any of grades seven through twelve and who does not attend school or withdraws from school for a reason other than death or transfer to another approved school or school district or has been expelled with no option to return.

**IMPORTANT** Dropout data lags by one school year for the purpose of the APR summary to be viewed by the general public. On this form, the dropout data are from the prior school year (2007-2008), while the APR itself is in the current school year (2008-2009).

#### Dropout Definitions

Students who satisfy one or more of the following conditions are considered dropouts:

1. Was enrolled in school at some time during the previous school year and was not enrolled by October 1 of the current school year or
2. Was not enrolled by October 1 of the previous school year although was expected to be enrolled sometime during the previous school year (i.e., not reported as a dropout the year before) and
3. Has not graduated from high school or completed a state or district-approved educational program; and
4. Does not meet any of the following exclusionary conditions:
  - a. transfer to another public school district, private school, or state or district-approved educational program,
  - b. temporary school-recognized absence due to suspension or illness,
  - c. or death.
5. A student who is in a program designed to earn a GED is considered a dropout.
